### DEPARTMENT REPORTS

\*\*EMS

Joe Prewitt reported as follows: 1) Annual incraeases for Medicare/Medicaid payments became virtually stagnant a few years ago; a 3% "rule" was put into effect for two years as a result of EMS lobbying; program was scheduled to end Dec. 31, 2010. Prewitt reported that the program has been extended for another year via Federal legislation; and 2) Beginning Jan. 1, 2011, ambulance services across the country are being required to report mileage to the actual tenth of a mile rather than rounding to the nearest mile. Problem is that odometers on new vehicles do not register miles in tenths; a reset of trip mileage will have to be done for each transport. This will be difficult to manage.

limiting expenditures in first half of each fourth year--Nelson County is within the parameters of the statute:

## JUDGE EXECUTIVE, MAGISTRATES, DEPARTMENT HEADS:

KRS 68.310 Limit of expenditures for first half of each fourth year. Except in case of an emergency concerning which the county judge/executive, the fiscal court and the state local finance officer unanimously agree in writing, and, except for encumbrances or expenditures from the county's road fund, no county shall, during the first half of any fourth fiscal year, beginning with the fiscal year 1998-1999, encumber or expend more than sixty-five percent (65%) in any fund budgeted for that fiscal year, not counting as current funds any budgetary allotments for or payments of principal and interest of bonded indebtedness. Prior to encumbering or expending any funds from the road fund during the first half of any fourth fiscal year which exceed sixty-five percent (65%) of the amount budgeted, the fiscal court shall assure that there are sufficient funds remaining in the general fund to provide for the excess encumbrance or expenditure from the road fund on a dollar for dollar basis. Those excess funds shall remain in the

## MECHANICAL INSPECTIONS / FEES:

Discussion was held concerning the State of Kentucky's determination that, under their funding process, inspection of HVAC systems would be added to the State inspection program, as with plumbing inspections. Nelson County is currently doing the HVAC inspection in-house; it has the option of continuing to do so, but mandated fee will be \$75 rather than the \$44 now charged by Nelson County. Otherwise, this inspection will be done on the State level. Program as mandated by the State will be effective Jan. 1. Following discussion of need for more timely information so that there might be consideration of options to offset increased costs, as well as of discussion of advantages of keeping the
