CHAPTER 6 INVESTMENTS

Section I: General Policy

It is the policy of the Fiscal Court to invest public funds in a manner which will provide the highest investment returns with the maximum security of principal while meeting the daily cash flow demands of the County and conforming to all state statutes and County regulations governing the investment of public funds.

Section II: Scope

This investment policy applies to all financial assets held by the Fiscal Court, Nelson County Sheriff, Nelson County Court Clerk and Nelson County Jailer.

Financial assets held and invested by trustees of fiscal agents are excluded from these policies; however, such assets shall be invested in accordance with the state laws applicable to the investment of local government funds and in accordance with the Fiscal Court's primary investment objectives.

Section III: Investment Objective

The Fiscal Court's primary investment objectives, in order of priority, are the following:

- **Safety.** Safety of principal is the foremost objective of the County's investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.
- **Liquidity.** The County's investment portfolio shall remain sufficiently liquid to enable the Fiscal Court to meet all operating requirements which might be reasonably anticipated.
- **Return on Investment.** The County's investment portfolio shall be designed with the objective of attaining a market rate of return throughout the budgetary and economic cycles, taking into account the County's investment risk constraints and the cash flow characteristics of the portfolio.

Section IV: Investment Authority

Management responsibility for the County's investment program is hereby delegated to the Judge-Executive and the Treasurer. In addition, management responsibility is also delegated to the Nelson County Sheriff, Nelson County Court Clerk, and the Nelson County Jailer for funds while under their control. The Judge-Executive shall have the authority, subject to the approval of Fiscal Court, to establish additional specific written procedures for the operation of the investment program which are consistent with this investment policy. The procedures shall include explicit delegation of authority, if any, to persons responsible for investment transactions.

No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Judge-Executive. The Judge-Executive shall be ultimately responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials and employees. The controls shall be designed to prevent and control losses of public funds arising from fraud, employee error, misrepresentation by third parties, and unanticipated changes in financial markets or imprudent actions by officers and employees. The Judge-Executive shall maintain all records related to the County's investment program. All investment decisions of the Judge-Executive shall be voted on and approved by Fiscal Court. The Treasurer shall be consulted on all matters pertaining to investment of county funds and shall report to Fiscal Court his/her opinion as to the advisability of any investment before this being done.

Section V: Prudent Person Rule

The actions of the Judge-Executive in the performance of his or her duties as manager of County funds shall be evaluated using the "prudent person" standard. Investments shall be made with judgment and care under prevailing circumstances which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment considering the probable safety of their capital as well as the probable income to be derived.

The Judge-Executive acting in accordance with written procedures and exercising due diligence shall be relieved of personal responsibility for an individual security's performance, provided that deviation from expectations are reported in a timely fashion to the governing body and appropriate action is taken to control adverse developments.

Section VI: Authorized Investments

The funds of the County available for investments shall be invested in accordance with the policy and all applicable state statutes only in the following types of investment instruments:

A. Authorized Investment Instruments.

1. Obligations of the United States and its agencies and instrumentalists, including obligations subject to repurchase agreements, provided that delivery of these obligations subject to repurchase agreements is taken directly or through an authorized custodian. The investments may be accomplished through repurchase agreements reached with sources including, but not limited to, national or state banks chartered in Kentucky.

4. Certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation or similar entity of which are collateralized, to the extent uninsured, by any obligations, including surety bonds, permitted by section §41.240(4) of the Kentucky Revised Statutes.

5. Uncollateralized certificates of deposit issued by any bank or savings and loan institution rated in one (1) of the three (3) highest categories by a nationally recognized rating agency.
6. Bankers' acceptance for banks rated in one (1) of the three (3) highest categories by a nationally recognized rating agency.

10. Shares of mutual funds, each of which shall have the following characteristics:
 - a. The mutual fund shall be an open-end diversified investment company registered under the Federal Investment Company Act of 1940, as amended,
 - b. The management company of the investment company shall have been in operation for at least five (5) years.
 - c. All of the securities in the mutual fund shall be eligible investments under this section.

B. Limitations on Investment Transactions.

With regard to the investments authorized in this section, the following limitations shall apply:

1. The amount of the County's funds invested at any one time in the categories of investments authorized in subsections A(5), A(6), A(7), and A(9) of this section shall not exceed twenty percent (20%) of the total amount of funds invested on behalf of the County; and
2. No investments shall be purchased for the County on a margin basis or through the use of any similar leveraging technique.

Section VII: Diversification of Investments

The Fiscal Court recognizes that some level of risk is inherent in any investment transaction. Losses may be incurred due to issuer default, market price changes, or closing investments prior to maturity due to unanticipated cash flow needs. Diversification of the County's investment portfolio by institution, type of investment instrument, and term to maturity is the primary method to minimize investment risk.

The County's funds shall be diversified by security type and institution. With the exception of fully insured or fully collateralized investments, and except for authorized investment pools, no more than twenty percent (20%) of the total investment portfolio shall be invested in a single security type or with a single financial institution.

The County's invested funds should, in general, have an effective weighted average life of three and a half (3.5) years or less. Reserve funds may be invested in securities exceeding this weighted average life, if the investments are made to coincide as nearly as practicable with the expected use of the funds.

Section VIII: Authorized Financial Dealers and Institutions

The Judge-Executive shall maintain a list of financial institutions authorized to provide investment services to the County. In addition, a list shall be maintained of approved security brokers/dealers selected by creditworthiness, who maintain an office in the Commonwealth of Kentucky.

All financial institution and broker/dealers who desire to provide investment services to the County shall supply the Judge-Executive with information sufficient to adequately evaluate the institution and answer any and all inquiries posed by the Judge-Executive or Fiscal Court, including the following information:

- A. Audited financial statements.
- B. Regulatory reports on financial condition.
- C. Written Memorandum of Agreement for the deposit of public funds or trading resolution, as appropriate.
- D. Proof of National Association of Security Dealers certification and proof of state registration.
- E. Any additional information considered necessary to allow the Judge-Executive to evaluate the creditworthiness of the institution.

No financial institution shall be selected as a depository of County funds if the funds in the deposit at any time will exceed twenty-five percent (25%) of the institution's capital stock and surplus.

The Judge-Executive shall evaluate the financial capacity and creditworthiness of financial institutions and broker/dealers prior to the placement of the County's funds. The Judge-Executive shall conduct an annual review of the financial condition and registrations of financial institutions and broker/dealers and, based on the review, make any recommendations regarding investment policy or program changes determined to be necessary.

Section IX: Safekeeping and Custody

To protect against potential fraud and embezzlement, investment assets shall be secured through third-party custody and safekeeping procedures. Bearer instruments shall be held only through third-party institutions. After analyzing each bid with the assistance of the particular Department Head or other expert, the Judge-Executive or Department Head shall create a written recommendation as to the best bid by a responsible bidder. The Fiscal Court shall then decide whether or not to award the bid. If the lowest bid is not selected, the reasons shall be stated in writing.
